...Downtown Vacaville

Our Mission

The Downtown Vacaville Business Improvement District (DVBID) is dedicated to the enhancement, promotion, and preservation of Downtown Vacaville. The organization supports both the private and public business community and provides support, education and opportunities to its members.

The Downtown businesses and property owners join together for the common good of Downtown Vacaville and demonstrate a united front on issues affecting association members. The DVBID consists of over 450+ members. Downtown Vacaville provides a unique atmosphere with a historical perspective.

The DVBID

The greatest tool you'll have is a strong business organization, the Downtown Vacaville Business Improvement District. Unlike a mall management group, the DVBID works with you, with the city, and your neighbors to better your business environment. The DVBID board is very proactive dealing with issues common to downtown areas.

Dining & Entertainment

There are currently (25+) restaurants, bars and lounges that serve as our anchors to our entertainment vision that brings clients and customers into our district.

Events

With nearly a hundred art and music performances throughout the year the DVBID brings people and businesses together in a family environment meant to showcase the downtown in the most positive light. Performances are spread throughout the area in Town Square, Farmers Market, and Creekwalk Plaza.

Community events also abound in the downtown area. Fiesta Days, Merriment on Main Christmas celebration, 4th of July Celebration, Art & Wine Strolls, The Medieval Fantasy Festival, Oktoberfest, & the Art Wine & Brew Festival brings thousands of customers right to your doorstep.

The Downtown Vacaville Farmers Market running from May to October, brings hundreds of Saturday morning shoppers into the downtown area. Managed by the (PCFMA), they bring local fruits & veggies every Saturday throughout the spring & summer months.
